

Risk Management Training Survey

Through our group insurance policy with Brotherhood Insurance, we receive an annual premium rebate that the Administrative Ministries Team has designated for providing Risk Management Training to our ABC-MI churches. The AMT desires to make this training accessible and pertinent to as many members of our churches as possible. To this end, we would appreciate your thoughtful input on the survey below. The information from this survey will help us identify areas of concern within our churches that can be addressed by experts in the various areas of risk management.

Please watch upcoming E-Links for scheduled risk management training events. Thank you for your time.
