

ANNUAL STEWARDSHIP EMPHASIS

Summer is the time many of our churches begin to plan for their fall stewardship emphasis. A new resource you might want to consider is called "[New Love New Mercy](#)" produced by the Ecumenical Stewardship Center.

The program, based on Lamentations 3:21-24, incorporates a "tableaux" or "living pictures" to add a unique visual element to worship. The program also includes a newly written song by Ken Medema, as well as other helpful materials to promote the emphasis. In addition, a downloadable resource that includes Bible studies, discussion questions and worship aids, can be purchased for \$20.00 by reviewing this and all the other resources at www.stewardshipresources.org, or you can order by calling Judson Press at 1-800-4JUDSON.

Share these excellent resources with your stewardship planning team and get started today!
