

# ABC-MI MLG LEADERS

Peer Group Leaders are ABC-MI contracted consultants working with a Ministry Leadership Group (MLG) comprised of four to eight pastors. These Peer Leaders schedule and lead regular gatherings of their group; connect with each individual pastor on a regular basis; visit annually in each pastors church; and are available to provide support to the pastors in their group as needed.

## PASTORS CONNECTING THROUGH MLG GROUPS

According to a recent Barna survey, 48% of pastors under the age of 45 are considering quitting the full-time ministry. Additionally, only 1 in 3 pastors rate themselves as having a healthy sense of well-being. Jarring statistics like these are why ABC-MI provides our Ministry Leadership Groups for our pastors. Through your mission dollars given during our Region Offering, we can continue to offer small groups for pastors to help nurture and support their sense of well-being and cultivate their calling in ministry.

**“My marriage was saved because of my experience with my MLG. I don’t think it would have survived without these people walking alongside me in a safe environment with people who understand the unique challenges of ministry.”**

**“I’ve never felt more burnout than I do right now. This group is a lifeline for me and my ministry.”**

**“I’m a better pastor today because of my MLG group. They challenge me and encourage me at my point of deepest need.”**

**“My MLG walked with me through the loss of a loved one. They have been there for me every step of the way.”**

We believe that healthy churches are led by healthy pastors. Your mission dollars given to the Region Offering helps ensure that we can continue to provide healthy environments for pastors to step more intentionally into places of health and wholeness as they shepherd their congregation. Thank you for how you are serving our nearly 140 churches throughout the state of Michigan by providing for the well-being of their pastor(s). Together, we can be a blessing to our ABC-MI pastors in tangible ways.
