

Our MISSION TRIPS

Local Hearts. Global Impact. Kingdom Vision.

Beyond Borders: Living the Gospel Through Mission

At ABC-MI, we don't believe in quick-fix missions. We believe in **showing up, listening well, and serving humbly**. Your gifts to the Region Offering make it possible for people from across Michigan to participate in **cross-cultural mission trips** to places like **Haiti and Puerto Rico**—where we join what God is already doing.

These **subsidized trips** allow more individuals to experience life-changing ministry and build real relationships with communities beyond their own. Together, we've helped rebuild homes, support local schools, and offer relief in times of crisis—all while learning from those we came to serve.

Your generosity takes the Gospel far beyond Michigan's borders, planting seeds of hope in places you may never visit—but where your impact is deeply felt.

Get involved in the 2025 Mission Trip to Tijuana, Mexico!

WELCOME TO THE MOVEMENT

Ascent is a new mission connection for the church in North America. We share a common goal of living out the Great Commission locally, regionally, nationally, and globally in our increasingly Post-Church Culture. Our calling is energized by Jesus' Gospel, as expressed by the Capetown Commitment, and focuses on 3 key priority areas.*

We believe that the Gospel is lived out locally, regionally, nationally, and globally. Locally, we exist to catalyze the church to be sent on mission. Regionally, we create pathways for the people of God to engage and invest in contextually faithful approaches to mission and ministry. Nationally and Globally we collaborate to see the Gospel extend to new areas and among new people that we could not do alone or even with a handful of others.

Looking for a way to propel the historic faith, founded on the Resurrected Christ and the Apostolic witness, and simultaneously engaging the world around us with the life-giving Gospel? If so, then Ascent might be for you!

*See lausanne.org/content/ctc/ctcommitment.
