# Building Momentum TWO KEY WAYS

We're Advancing the Vision!

Your support of the Region Offering helps plant new churches and strengthen existing ones. These two efforts are moving us forward with Spirit-led momentum toward our 2030 vision.

## Church Planting:

*Starting New Roots of Faith*

Church planting is how we multiply the message of hope and invite fresh communities into the Kingdom. New churches often reach new people, create space for innovation, and respond to real needs in their neighborhoods. Your Region Offering gift equips church planters with the tools, coaching, and community they need to thrive.

*"We're not just adding churches we're igniting lighthouses of transformation."*

## Church Health:

*Strengthening What's Already Growing*

Momentum also comes from maximizing what we already have. Through in-depth church health assessments, congregations gain clarity and courage to grow again. These assessments lead to spiritual renewal, leadership development and community re-engagement-helping churches rediscover their mission.

*"Renewal is possible and we're committed to walking with churches every step of the way."*

**GIVE TODAY!** One Mission. Two Lanes. Same Spirit.
